

### New Chart Rack: Part # TMA200-15

This communication is to inform you that we have a newly designed TransMotion Chart Rack and part number TMA200-15. The previous design (TMA67-15) was a Wire Chart Rack that has been obsoleted. The new chart rack is designed to hold charts, just as the old wire rack was, except with a new solid frame.

Effective immediately, the new Chart Rack TMA200-15 will replace the old Wire Chart Rack TMA67-15.

Obsolete Wire Chart Rack

New Chart Rack

The Chart Rack can be used on the TMM4 and TMM5 series chairs only. [Field Installation and Usage Instructions](#) for the TMA200-15 can be found on [wincomfg.com](http://wincomfg.com) via the [Product Documents](#) page (enter chart in the search bar) or on the [product page](#) (click "[Explore TransMotion](#)", then enter chart in the search bar).

Please let us know if you have any questions.

Good selling!
