

PRIVACY SCREENS

Privess™ patient privacy screens provide a broad range of flexible solutions to meet a wide spectrum of requirements for healthcare professionals, military procurement, international aid, disaster relief coordinators, and educational institutions worldwide.

- Cost-effective selections: innovative, modular options to attractive, designer models
- Permanently mounted, stationary, portable and transportable configurations available.
- Sturdy steel or lightweight aluminum construction options with smooth, easy-clean panels.

Privess™ represents our ongoing dedication to privacy: enabling clinicians to confidently focus on their patients. For every conceivable need, budget or profession, Privess™ has a custom tailored answer for your patient privacy needs.

PRIVACY SOLUTIONS FOR A RANGE OF SPACIAL AND SITUATIONAL REQUIREMENTS

Model 3130 shown

PRIVESS™ BASIC

3-PANEL PRIVACY SCREEN | 3130 / 3139

For healthcare, disaster relief and education professionals who require a sturdy metal framed screen that can easily be moved to protect patient privacy. The Privess™ Basic is a cost-effective, durable 3-panel screen that features:

- Casters for mobility or crutch-tips for stationary use
- Choice of smooth white vinyl (3130) or optional Sure-Chek® colors (3139) for easier cleaning
- Durable steel 3-panel design

Unlike similar style aluminum models the Privess™ Basic 3-Panel Privacy screen offers portable, high-quality steel framed privacy protection in a value priced package. Imported (Taiwan).

Model 3170-17 shown

PRIVESS™ ELITE

DESIGNER PRIVACY SCREEN | 3170

For quality and style-minded users who need a larger attractive patient privacy solution that matches their décor. Privess™ Elite is a high quality screen featuring:

- Casters for mobility or crutch-tips for stationary use
- Quality healthgrade vinyl in your choice of 50+ colors to enhance any décor
- Durable steel construction

Privess™ Elite showcases significantly upgraded durability and flexibility unlike imported lightweight models with a thin sheet of vinyl. The perfect solution for healthcare institutions, surgery centers, physician offices, and clinics where stylish substantial privacy screens are desired. Made in USA.

Model 3730 shown

PRIVESS™ MODULAR

3 AND 4 PANEL CONNECTING PRIVACY SCREENS | 3730 / 3739 / 3740 / 3749

Value-minded healthcare professionals will appreciate these flexible patient privacy solutions. Privess™ Modular screens feature:

- Infinite connectivity to create the optimal size and shape for your specific needs.
- Choice of smooth white vinyl (3730 & 3740), Sure-Chek® colors (3739 & 3749) or Clear-Vue (3739-9K / 3749-9K).
- Sturdy aluminum frame and crutch tips for extra stability.

Privess™ Modular screens can swivel up to 350° when snapped-together, providing a myriad of configuration options. The Privess™ Modular's ability to fold flat coupled with its lightweight, flexible design make it ideal for rapid deployment and temporary use situations. Made in USA.
